Overview

At Holmleigh Park we want our students to be ready for the World of Work so in year 10 we give them the opportunity to complete 5 days' work experience.

This is very much student led as it is all about them experiencing the process of applying for work.

Also, over the week the student will be able to put into practice the key employability skills and competencies they have learnt about over the past 3 years. These are key skills the employer will expect to see.

All forms and processing for WEX are through the students Unifrog account.
